

# Panel Overview

# Our Panel Of Real & Engaged Audiences

**TestSet** believes that powerful research outcomes rely on having willing and engaged research participants. That's why we access the audiences you need to reach from **Payswell**, our proprietary source of vetted and engaged consumers, and **RelevantView**, our proprietary community of verified business professionals.

**Our member communities value participants for thoughtfully and honestly sharing their opinions with companies worldwide.**

## “Always Rewarding” Member-first Philosophy

**Our survey communities** set themselves apart with a unique approach that leverages modern technology for identity verification and personalisation of each member's experience, all while prioritising exceptional member care.

This builds a highly engaged and diverse community, ensuring a more efficient experience for members and more reliable data for you and your clients.

**ID Verification & Privacy Protection**

**Personalised Experience**

**Guaranteed Compensation**

**Faster Payouts**

**24/7 Member Care**

# The Member Experience

## Nurturing Trusted Relationships

Our member-centric approach is built upon a foundation of transparency, respect, and decades of experience in building engaged communities. We diligently nurture trusted relationships among every research study participant.

**Advanced technology elevates the user experience and drives data assurance.**

Both **Payswell** and **RelevantView** utilise machine learning to personalise the member experience and optimise data collection. This is achieved by improving survey matching algorithms, resulting in increased efficiency and relevancy for members.

✓ **Saves time**

More accurate survey matching leads to faster qualifications for members while delivering the right audiences for your research.

✓ **High member engagement & satisfaction**

Less survey fatigue and redundancy improves the member experience.

✓ **Better representation**

Greater member diversity reduces bias and improves quality.

✓ **More reliable data**

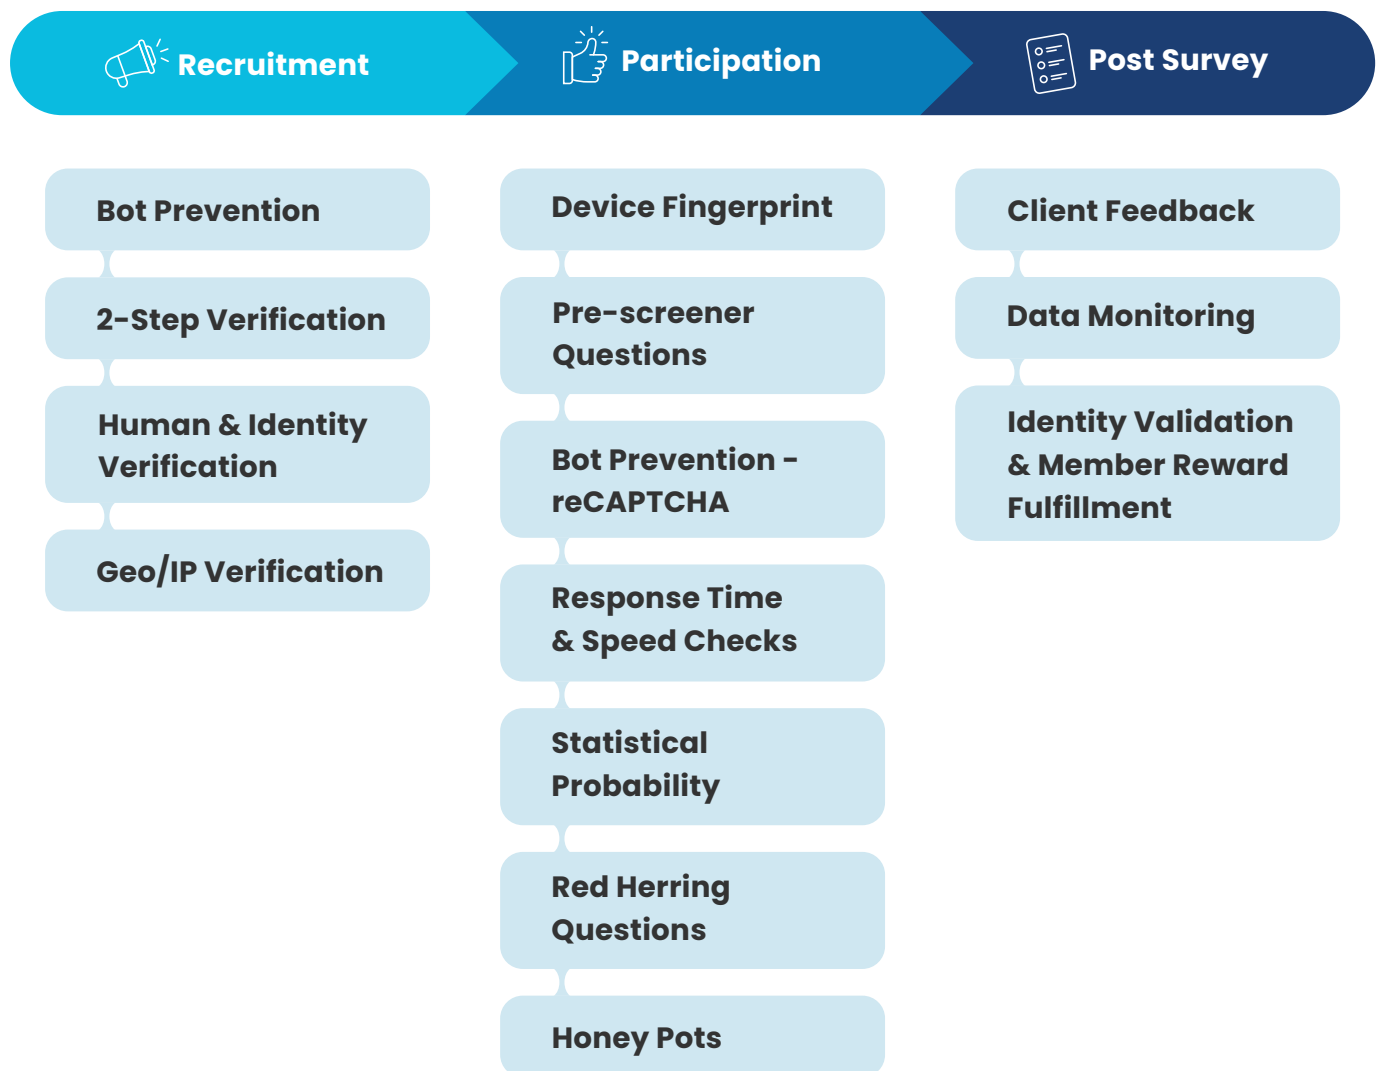

Higher quality data for more confident decisions.

# Validation & Security

## Data Accuracy and Fraud Protection Guaranteed Along Every Data Touchpoint

Using a proven combination of member recruitment, advanced technology and quality management processes, companies trust our rigorous sampling and quality control techniques to ensure proper representation and data integrity from start to finish.

Our platform employs a variety of intelligent methods and technologies and conducts in-survey behaviour analyses to ensure all responses collected are truthful and accurate and fraudulent activity is prevented.
